

DC Mix Cabinet loose - 1.5l POUCH kit

Product sheet

For the storage and use of highly concentrated cleaning agents, safety is the top priority. With a cabinet from Dosing Care you are assured of optimal safety, without the risk of overdosing. This cabinet is suitable for the 1500ml DC Concept pouch. The concentrate is precisely drawn from the pouch by the DC Mix dosing system, so that only the perfect amount of cleaning agent together with the correct amount of water ends up in the bucket, sink or bottle. With this
