

Drip Tray Wall Mounting, MQDTW0510-P

Product sheet

When using a soap dispenser, you may encounter unwanted soap residue. Using a drip tray prevents unwanted soap residue during use of the dispenser. This drip tray from the MediQo-line is specially designed to catch soap residue. You simply attach the drip tray below the opening of the soap dispenser. Thanks to the extendable design of this drip tray, you can position the tray precisely in the right place. No more soap residue on your
