

Hand towel dispenser midi stainless steel, CLH-CS

It is important that people can dry their hands properly after washing them. This removes the last dirt and prevents people from getting cracks in their hands. Basicline offers an affordable and practical solution for this. The hand towel dispenser, thanks to its neutral design, also fits into almost any sanitary interior. Thanks to the viewing window, the contents can be quickly checked, making it easy for the facility service. The dispenser can be mounted at the front
