

Hand towel dispenser mini plastic white, PQMiniH

Product sheet

Why would you keep more hand towels than necessary in stock in your sanitary area? Based on the number of toilet visits, you can easily calculate the consumption. For less intensively used toilets, the plastic mini hand towel dispenser from PlastiQline is a tailor-made solution. You can fill this hand towel dispenser with a stack of C- or Z-folded hand towels 20 cm high. You simply do this by opening the cap with the special included key (also to be used
