

Paper roll dispenser midi stainless steel, QCPTL SSL

Product sheet

With the paper roll holder, you always have convenient, moisture-absorbent paper at hand. But which paper roll holder do you choose? At All Care, you pay attention not only to functionality, but also to design.

The Qbic-line paper roll holder midi is made of stainless steel. Of course, this is a genuine Qbic-line, with clean lines and the proportions of a cube. The midi paper roll is hidden behind the welded cover with the characteristic Q. That's how stylish a practical paper roll holder can be.
