

Paper towel dispenser white, DT2106

Product sheet

Whether it's a guest or an employee, every visitor to your sanitary facilities wants to end their visit with dry hands. You therefore cannot do without a large supply of folded paper towels. The paper towel dispenser from Mediclinics takes into account the drying needs of every guest. From the heavy user to the more economical type, the towels can be easily dispensed via the open bottom. The sight window gives your facility management the opportunity to refill the towels in plenty of time.
