

Plastic soap dispenser 500ml, MQL05K

Product sheet

A medical environment stands for hygiene at the highest level. A well-functioning soap and disinfectant dispenser is therefore essential. With a dispenser from the MediQo-line you are always assured of optimal hand hygiene. The most hygienic way to dispense soap is via the elbow operation. The long operating lever on this soap dispenser from MediQo-line makes this elbow operation extra easy. The dispenser is supplied including a special drip tray, for
