

RVS Column

Product sheet

The attractively priced RVS disinfection column MQUnit looks stylish and is suitable for various dispensers. It is easy to transport, disassemble, and assemble with convenient instructions. The package consists of the RVS column itself, transparent collection tray, RVS base plate (485 x 485 mm), and an All Care instruction board. If desired, we supply the new column individually, optionally with a dispenser, and packaged in a convenient transport box. Do you need more
