

Toilet Paper Roll Dispenser 4 rolls RVS afp-c, MRU E ST

Product sheet

Toilet paper has little value, until the moment your guests are confronted with that last sheet. At that moment, toilet paper is top priority. The 4-roll holder from SanTRAL prevents this problem. With four rolls in stock, your guests never run short of sufficient toilet paper. The contemporary stainless steel housing, characteristic of the SanTRAL line, elegantly conceals the substantial toilet paper supply. Your facilities department can easily monitor the stock through the viewing window.
