

Air Freshener Stainless Steel, QGNTL SSL

Product sheet

If you have a sense of design, you know that every detail counts. So the air freshener is also a full part of the sanitary room. Good news: it is also available in the unique Qbic-line design. This stainless steel air freshener is suitable for almost any room: you mount it on the wall. Thanks to the grid opening on the bottom, the Qbic-line air freshener provides a strong scent experience. This way the pleasant scent quickly takes over. That is very hospitable and
