

Hair dryer plastic white with hose, SC0004

If you value healthy and active employees, provide a well-equipped sports facility. A wall-mounted hair dryer is essential there. Nothing is worse than having to go out into the cold air with wet hair. With this wall-mounted hair dryer from Mediclinics, that is no longer necessary. The dryer is automatically activated when the hose is removed from the wall holder. Thanks to the precisely set temperature and air speed, the dryer only needs a few minutes to dry the hair
