

Hair Dryer White, Hotello 1200 Shaver White

Product sheet

With the Valera Hotello 1200 Shaver White, you choose Swiss quality, comfort and safety in one compact solution. This wall-mounted hair dryer starts automatically when the handle is removed from the holder and switches off automatically after 8 minutes. The integrated holder features a universal shaver socket for 110-120V and 220-240V, an isolated safety transformer and a practical night light. The flexible hose of up to 1.2 metres and the cool handle provide extra user convenience. Thanks to the possibility of both direct connection and connection via a wall socket, this hair dryer is suitable for various applications in hotels, holiday parks, care facilities and leisure accommodations.
