

Hand Dryer HANDS-IN automatic white, PQ14A

Product sheet

If your guests have just had a relaxing moment, they don't want to wait for a noisy hand dryer. The designers of the exclusive hands-in hand dryer have already taken this into account in the design.

This hands-in hand dryer is characterized by subtle sound levels and exceptionally fast drying time. The dryer has, unlike other models, a carefully integrated noise reduction, so your guests are no longer startled by unwanted
