

Open Waste Bin 85 Litre Stainless Steel, QWBO85 SSL

Product sheet

A waste bin is essential in a sanitary area. Especially if you use disposables such as paper towels. With a practical waste bin you prevent litter. The stainless steel waste bin from Qbic-line, in this open-top version and suitable for 85 litres, is such a practical waste bin. You can completely remove the top rim from the bin. Changing the waste bag is then a breeze. Even for less experienced staff members. Besides being practical, the Qbic-line
