

Open Waste Bin 9 Litre Stainless Steel, QWBO9 SSL

Product sheet

A well-maintained toilet facility is a plus for every visitor. With the Qbic-line accessories, it is very easy to bring your sanitary facilities to a higher level. This waste bin is a good example. As an open waste bin, suitable for 9 litres of waste, this is a modest design. But the designers have set the bar high. The plastic waste bag always remains out of sight, hidden beneath the removable top rim. Facility staff will soon discover that the stainless steel open
