

Plastic wall bracket black PQXH8

Product sheet

The plastic wall bracket black PQXH8 is specially designed for wall mounting of the PlastiQline 8-liter hygiene bin. The bracket provides sturdy and reliable fastening, ensuring the hygiene bin stays securely in place. Thanks to the durable plastic construction, the wall bracket is resistant to daily use in sanitary environments. The black finish perfectly complements the PlastiQline product line and contributes to a professional appearance. A practical accessory for sanitary environments where efficient, neat and safe mounting of the hygiene bin is desired.
