

Waste Bin 23 Litre Semi-Open Silver, PQA23M

Product sheet

In business and public environments, waste bins are a must in sanitary facilities. Especially if you use paper towels. With this waste bin from PlastiQline, you have an efficient and stylish solution. The waste bin is made of plastic but has a stainless steel look. This means the plastic waste bin fits perfectly with metal or stainless steel accessories (such as faucets) in the sanitary area. The choice is yours: place it on the floor or hang it on the wall?
