

Waste Bin 42 Liter Half Open White, PQA43

Product sheet

Whether it's paper towels, tissues or candy wrappers, you'd prefer this waste to be in the waste bin. Not on the floor of your sanitary room. With a plastic waste bin nearby, you make it easier for your guests to keep the room clean. This plastic waste bin from PlastiQline is often chosen for its excellent price-to-quality ratio. The half-open waste bin features a contemporary design with rounded lines. The waste bag is changed in a jiffy.
