

Waste bin 50 liters white, MQ-P60

Product sheet

If you value a clean and tidy environment, choose the MediQo-line. This line has been specially designed for intensive use in an environment where hygiene plays an important role. This waste bin is distinguished especially by its exceptional sturdiness. The zinc-metal wire construction offers optimal protection against unwanted vandalism. Thanks to the adjustable base, you can make the waste bin larger or smaller as desired. The finish with the four special hanging points
