

Waste Bin 56 Liter Open Stainless Steel afp-c, WIN WBO2 56 SAL

Product sheet

Large Waste Bin Stainless SteelThe number 1 complaint from people is litter lying around, anywhere. The chain reaction is often that the surrounding area also gets contaminated. Nobody wants that and it's especially not desirable in your sanitary facilities. With this 56-liter version, you have sufficient capacity available, even during peak visitor times, to keep your sanitary facilities clean. The open lid helps lower barriers and ensures that even more visitors dispose of their waste properly in the bin. Do you want to offer visitors of the sanitary room a user-friendly waste bin? Then choose this elegant solution! Request a quote immediately.
