

# Waste Bin 85 Liters Stainless Steel, QWBC 85 SSL

Product sheet

Fortunately, the average toilet visitor likes to leave the toilet room clean. But what if the waste bins overflow? Prevent this annoyance and install spacious waste bins with a lid. If you have to deal with a large number of visitors in your toilets complete with peak times, you need waste bins with corresponding capacity. In this stainless steel waste bin from Qbic-line, no less than 85 liters of waste fits. The swing lid is easy to operate and closes the waste bin after use. Very
