

Air freshener

Stainless steel AFP-C air freshener, WIN AF SAL

Stainless steel air freshener Sound familiar? A pervasive fragrance in small rooms? Due to the limited size of these rooms, most air freshener scents will be too strong. But there are alternatives! This model is the ideal air freshener for smaller rooms. The dispenser is operated by air current and should be mounted on the/each (toilet) door or just next to it. Fragrance is diffused according to how often the door is opened and closed. This dispenser is also sure to please Facilities staff! They will only have to load a refill at least once every 30 days. And it takes just one simple operation and no keys to do it. Want to make life easier for your Facilities staff? Contact us now!
