

Wall/floor grab bar with extra bar-right stainless steel

Grab bar wall to floor with extra support point right stainless steel, BSD020CS

Grab bars give confidence to your disabled clients. But what grab bar do you choose? With regard to MediQo-line you do not only chose practical use, but also design. A solid grip next to the toilet helps getting up and sitting down. Because of the three supports of this grab bar, the structure can withstand considerable pressure. As there is sufficient space between the tube of the bar and the wall, your clients maintain optimal mobility. Looking for extra strength in shower and toilet? Ask now the quote for the grab bar from wall to floor.
