

Sanitary bin 9 litre

Stainless steel sanitary bin 9 litre, QLB9 SSL

The sanitary bin belongs to the basic equipment of each (ladies) toilet. Which model do you choose? If your interior is modern and stylish, you will appreciate the Qbic-line sanitary bin. The Qbic-line sanitary bin has a capacity of no less than 9 litres. Though the capacity remains very discrete due to a stainless steel removable edge that is hiding the garbage in the bin from view. After use the lid closes the stainless steel sanitary bin completely again. That is typical Qbic-line: not only beautiful, but also hygienic and user friendly. Does this stainless steel 9 litre sanitary bin fit in your washroom? Ask for a quote!
