

3rolls dispenser

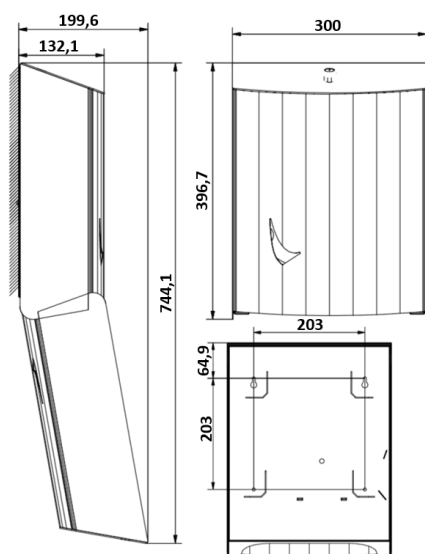

Stainless steel AFP-C 3rolls dispenser, WIN TR3 SAL

In highly frequented toilets, a well-functioning toilet roll dispenser and quick refills are a must! This toilet roll holder offers you a system for continued use, which can hold as many as three rolls with a maximum diameter of 140mm at a time! Manufactured especially to handle large numbers of visitors. The carousel will slowly let the next roll slide down as the previous one is used up. A clever braking system ensures rolls stay in place when the carousel turns. Easy to refill as and when necessary. Request a sample and make sure there is always enough toilet paper ready to hand at your toilets!
