

DC1 Kit - 125 mm dosing pump

Dosing system, DC1 Kit - 125 mm

What your customers want first and foremost are super clean dishes. This DC1 Kit - 125 mm dosing pump will ensure that your dishes and cutlery are super clean again in no time at all. When you buy this dosing pump you not only buy optimal ease of use, the dosing pump will also ensure that you never use too much detergent. Which is just as well because an overdose of detergents is harmful to the environment and your wallet. This DC1 Kit dosing pump comes with a 125 mm long spout, that immediately drops the detergent straight into the sink. With a push of a button the pump doses exactly 30 ml of detergent, which is just the right amount for a good wash. If you want your dishes to be spectacularly clean, opt for the DC1 Kit - 125 ml Dosing Pump. Request a quote [here](#).
