

DC Mix cabinet for 1500 ml pouch

DC Mix cabinet for 1500 ml pouch, CabinetP

Safety is of paramount importance in the storage and use of highly concentrated cleaning agents. A Dosing Care cabinet ensures you of optimal safety, without the risk of overdosage. This cabinet is suitable for the 1500 ml DC Concept Pouch. The concentrate is sucked from the pouch by the DC Mix Dosing System to ensure that the exact quantity of cleaning agent flows into the bucket, sink or bottle together with the right amount of water. In this way you not only prevent an overdose, you also prevent chemical and water wastage. If safety is a top priority for you as well, you will opt for DC Mix cabinet for 1500 ml pouch.
