

Hand towel dispenser large plastic white

Hand towel dispenser large plastic, PQ20MidiH

After a visit to the toilet it doesn't really work if your guests have to wave their hands dry because there are no hand towels left. The solution for this would be a well-filled hand towel dispenser with sufficient storage capacity. But, first and foremost, a hand towel dispenser must be practical in use. This need not be at the expense of the design. You will instantly recognise the PlastiQline 2020 Hand Towel Dispenser by its taut-lined and modern shape. The square housing with its nicely rounded corners and top is fitted with a centrally placed viewing window. This enables you to quickly check if refilling is required. The dispenser can hold 400 to 600 hand towels. You can complement the supply by flapping open the front of the dispenser. When opting for a hand towel dispenser with sufficient storage capacity, request a quote for the PlastiQline 2020 Hand Towel Dispenser now.
