

Foam soap dispenser automatic 1000 ml stainless steel black

Foam soap dispenser automatic 1000 ml stainless steel black, DJF0038AB

The appearance of the sanitary facilities often says something about a building. Would you like to provide a little extra comfort for guests in your sanitary facilities? Then take a look at this black automatic foam soap dispenser. Foam provides a sensation of luxury, especially when combined with an automatic dispenser. Users only need to activate the sensor for the dispenser to place a small amount of foam on their hands. Foam gives users the sensation of having a hand full of feathery-soft soap, creating a moment of luxury for users to enjoy. The dispenser's black colour gives it a luxurious and chic look. Naturally, hygiene and convenience are important to you. In terms of hygiene, this dispenser provides everything you need. Thanks to the infra-red sensor, there is no need to touch the dispenser – that's optimal hygiene. The front viewing pane makes it quick and easy to check the contents. Do you want to give the sanitary facilities a luxurious look to match the rest of the building? Request a quote now!
