

Dish wash pump

Dish wash pump for a wide variety of commercial dishwashers, Q200

Do you want to dispense your chemicals in a convenient and safe manner? The Q200 dishwasher pump can dispense two chemicals simultaneously into single tank and single cycle dishwashers. Suitable for smaller dishwashers (and glasswashers) but also for larger dishwashers as used in the hospitality industry. It can easily be installed and comes with an installation kit. This dishwasher pump also provides the option to integrate an additional third peristaltic pump for dispensing disinfectants. Does the Q200 Dishwasher Pump appeal to you? Request a quote!
