

Air freshener plastic black

Air freshener plastic black, PQSmart3B

You can only make a first impression once. This certainly applies to your sanitary facilities or other sterile environments because in these types of areas fresh air is immediately associated with optimum hygiene. Our air fresheners guarantee a perfect first impression; of this you can be sure. Our black, plastic air freshener has an automatic fan, which evenly spreads the fragrance of the accompanying fragrance jars. The grid openings on the sides, front and bottom ensure an optimal fragrance experience. One air freshener is suitable for an area of about 50 m³. This air freshener is adjustable, suitable for wall mounting, works on two LR20 batteries and is equipped with a lock and key.
