

Disinfection unit stainless steel

Disinfection unit stainless steel, MQUnit

The competitively priced stainless steel disinfection unit, the MQUnit, has a stylish look and is suitable for a variety of dispensers. It is easy to transport, assemble and disassemble, thanks to handy instructions. The package includes the stainless steel station, transparent drip tray, stainless steel base plate (485 x 485 mm) and an All care instruction display. If desired, we can deliver the new station packed per piece in a handy transport box and add a dispenser if required. Should you require more disinfection units, we will gladly arrange that for you. Large quantities, up to 51 pieces, are easy to transport on a single pallet. A competitively priced dispenser that not only looks good but is also easy to operate. Exactly what is needed. Request a quote now.
