

Spray dispenser automatic 1000 ml stainless steel

Spray dispenser automatic 1000 ml stainless steel, DJS0039ACS

It's impossible to imagine life today without hand alcohol disinfection. The new automatic stainless steel Mediclinics spray dispenser is highly suitable for this purpose. This spray dispenser not only excels where hygiene and practical use are concerned, its modern design with its high-quality high gloss stainless steel is a treat for the eye! This makes the spray dispenser a chic addition to your interior while simultaneously meeting the highest of hygiene demands. Ejecting the disinfectant is a smooth and easy process thanks to the built-in infrared sensor ensuring the correct quantity needed, time and time again. You can easily and quickly assess and check the filling via the front viewing pane, which means that you don't have to touch the dispenser. If that isn't hygienic, what is? The refill bottle (1,000 ml) can be easily replaced via the top of the dispenser. You can mount the spray dispenser on any wall, at a recommended height of 25 to 30 cm above the counter top. Furthermore, this spray dispenser can also be used as an automatic toilet seat cleaner dispenser. Do keep in mind that the dispenser is not suitable for agents containing methanol, chloride or granules.
