PLASTI LINE[®]

Technical description

Hand dryer white U-Flow automatic.420-1500 Watt.Adjustable motor power, allowing electricity consumption to be regulated between 420 Watt and 1100 Watt.With heating element (only 400 W) with on/off switch.Standard is the OFF function switched on.Including HEPA filter, that filters the solid particles in suspension significantly improving air quality.Including ionizer ("Ion Hygienic" technology) as standard that purifies the air through negatively charged particles (anions), eliminating many of the particles and germs carried by the air, making it healthier and pure. These ions inhibit the reproduction of micro-organisms in the product throughout its lifetime.With Biocote® antimicrobial and antibacterial protection technology based on silver ions.Including removable water tank.It incorporates a quick assembly / disassembly kit for the machine (plug-in system) that allows you to install and uninstall the hand dryer easily, quickly and safely, making maintenance much more efficient and reducing your costs at the same timeDryer can be connected directly to the main waste pipe of the bathroom to eliminate waste water from hand drying.With 30 seconds safety timer.With lowest noise level in its category. (72.5-76.5 dBA)Air speed: 252 - 350 km/h.Drying time: 8-10 seconds.IP23

Specifications

Article number	12560
Material	Plastic (White)
H x W x D	557 mm x 344 mm x 202 mm
Weight	7,1 kg
Guarantee	2 years from the date of purchase
Application	Wall mounting
Characteristics	Automatic, hands-in, heating element with on/off switch (400W), 252-350 km/h, 8-10 seconds drying time, 72.5-76.5 dBA. With removable water reservoir and HEPA filter. Incl. ionisator.
